Dear Ms. McDonald,

It is such a pleasure to accept the lovely treasure boxes that were purchased and decorated by the generous members of Northwest Decorative Artists. These beautiful boxes are bringing smiles to our patients as they depart for home to continue recovering from life-changing surgery.

Your commitment to the patients accessing care at Shriners Hospitals for Children® — Spokane is evident by the time you invest to create these beautiful works of art and will continue to bring them joy long after they have left the hospital.

Please express our sincere gratitude and appreciation for your thoughtful donation and continued support.

Sincerely,

Angelique N. Heinzen
